

OCEAN RENEGADES BASKETBALL

To Our Friends,

The Ocean Renegades Basketball Team is a group of dedicated players from the Southern Ocean County area who have been organized to promote teamwork and create a competitive, yet instructional level of basketball. They are a group of determined and talented players focused on learning the game challenges while playing in them. These upstanding players have made a commitment to their team and their respective sport. In turn, they have grown physically, mentally and have learned to balance their athletic schedules with their scholastic demands to achieve academic and athletic success. Each player is required to maintain attainable GPA's to remain with the team.

Our primary goal is to have the opportunity to compete in tournaments and leagues throughout the state to gain recognition for their team and individual status. Future opportunities may also become available to each player as well.

The expense to organize the team, coordinate tournaments, uniforms and insurance is considerable. While the players are attempting to raise funds through fundraising events, they need your assistance. Your sponsorship will benefit the team by helping offset each player's out of pocket expense and represent a group of players maintaining old fashioned values of hard work, dedication and team effort.

Sincerely,

Mr. Herb Soletto Founder/Coach
